

BHRDCA – STATISTICS – 2008/09 TO 2025/26

INTRODUCTION

In Autumn 2023, BHRDCA Heritage created this summary document – using data extracted from MyCricket – that covered the period from 2008/09 to 2022/23. Season 2008/09 was the season where MyCricket was fully implemented and used by all clubs within the BHRDCA. MyCricket was also used for additional information when looking for records and notes prior to 2008/09 (where loaded by clubs.) From the 2023/24 season onwards, BHRDCA Heritage has extracted data from <https://stats-community.cricket.com.au/> which is sourced from PlayHQ (PlayHQ commenced as the Cricket Australia and State Cricket bodies Operating & Statistics System in 2023/24).

BHRDCA Heritage has extracted all available batting and bowling records from MyCricket and PlayHQ. This includes:-

- Individual Seasons and Grades tables for both Batting and Bowling back to 2008/09 (with reference back to 1986/87 for players whose clubs who have entered historical match scores into MyCricket)
- Highest Individual Scores
- Best Innings Bowling
- Team Batting highlights (PlayHQ data not yet available) to end 2022/23
- Premierships and Ladder positions back to 2008/09

Data extracted includes Senior Saturday cricket (including One-Day grades); Veterans cricket; and Twenty 20 cricket introduced in the BHRDCA in season 2010/11. These three streams are kept in separate databases and statistical tables are kept separate.

In addition, batting and bowling averages found in BHRDCA annual reports¹ back to 1986/87, along with Veterans records (dating back to 1997/98), have been included. As more information is found and provided by clubs, these records will be included.

It is planned that this document will join with the historical BHRDCA statistical record which currently finishes at 1985/86 and is being updated to the end of the 1993/94 season.

SOURCE

The initial source of records is MyCricket, with PlayHQ data used from 2023/24. This document was created by downloading data from MyCricket which places the data in EXCEL files. In all, 327 files (each) for both batting and bowling were extracted and then merged using the EXCEL Query function. PlayHQ data has been added to the merged files for the last three seasons.

If there are errors in MyCricket or PlayHQ, then these are reflected in this document, but can be easily corrected if supporting information is found.

BHRDCA Annual Reports dating back to 1986/87 have also been used¹.

Note that original club names / pre-merger names are used where applicable.

¹Finals not included in BHRDCA Annual Reports. Player finals performance details are manually added to records if details are known or provided

FUTURE UPDATES

BHRDCA Heritage will update this document at the completion of each season using data sourced from <https://stats-community.cricket.com.au/> and PlayHQ as made available.

Over time, this document will be updated and expanded with Grand Final details for all grades and any other useful information or ideas that come to hand. Suggestions and corrections are very welcome – as this is a live document it will be updated on a regular basis.

If any other club has annual reports or other statistical data please contact Andy Lambert on cithara43@gmail.com and I will add these statistics into the records.

PREMIERSHIPS – SENIOR SATURDAY GRADES

RAY MCINTOSH SHIELD

The Ray McIntosh Shield was first awarded in 1977/78 and was named after long-term Secretary Ray McIntosh who retired after the 1976/77 season.

SEASON	PREMIERS	RUNNERS-UP	COMMENTS
2008/09	Bulleen-Templestowe	Box Hill North	With Adrian Tabaccheria holding the lower order together with 50 not out, Bulleen Templestowe (193) won their first McIntosh Shield with a 15 run win over Box Hill North (178). 5/52 from Lee Woolcock from 32 overs was crucial in defending the target.
2009/10	Heatherdale	Bulleen-Templestowe	Tight bowling from Leigh Odermatt (3-25 from 24 overs) and Justin Box (2-24 from 21 overs) restricted Bulleen Templestowe to 118. A steady response from Heatherdale resulted in a seven wicket win.
2010/11	East Box Hill	Heatherdale	5 for 28 from Damien Yze kept Heatherdale to 157 despite 59 from Justin Box. In reply East Box Hill reached 0-71 before a middle order collapse reduced them to 6-119. East Box Hill recovered to win by three wickets
2011/12	Bulleen Templestowe	Vermont	Bulleen Templestowe played their fourth grand final in five seasons and posted 190 although Shane Davidson took 5-36. In reply Vermont were dismissed for 84 with Tim Arnold taking 4 for 22.
2012/13	Heatherdale	Blackburn South	After a disappointing 97 (from 2-84), Blackburn South fought back to reduce Heatherdale from 0-53 to 5-66. The difference was Justin Box who made 17 after taking 6-32 in Blackburn South's innings while M.Fyfe 5-32 almost stole the game for Blackburn South. Heatherdale reached 7/100
2013/14	Forest Hill	Vermont	Batting first, Forest Hill piled on 2-317 with Ben Johnston (147 not out) and Jason Taun-Henderson (124 not out) adding an unbeaten 249 for the third wicket. Vermont gave a strong response before falling 48 runs short with 271. B.Ferguson took 6-50 from twenty-four overs for Forest Hill.
2014/15	Blackburn	Bulleen Templestowe	Bulleen Templestowe's last wicket scrambled valuable runs that took the score to 158. When Blackburn tumbled to 6-83 Bulleen were on top but the lower order dug in and Blackburn reached 8-162 to win by two wickets. Tim Arnold took 5-40 for Bulleen Templestowe.
2015/16	Heatherdale	Blackburn	It was an uneven display by Blackburn who reached 7-193 from their ninety overs. Heatherdale were more consistent and passed the target with five wickets to spare.
2016/17	East Burwood	Vermont	From 7-122, East Burwood's tail saw them post a competitive 217. Vermont started well but had no answer to Mark Jones who ended the innings with 8-42 from 17.3 overs as Vermont lost by 39 runs with 178. East Burwood celebrated their first flag since 1973/74.
2017/18	Forest Hill	Vermont	An even batting performance saw Forest Hill reach 226. In reply, Vermont fell from 2-114 to 7-133 and despite a rally fell short by 28 runs with 198.
2018/19	Forest Hill	Box Hill North Super Kings	On a slow Heatherdale ground, Forest Hill declared at 9-125 after 75.3 overs. In reply the Super Kings could not get going and were dismissed for 74 from 49 overs. Russell McManus made 27 and took 5-19 for the winners.
2019/20	Forest Hill	Heatherdale	Forest Hill were 0-16 chasing Heatherdale's 109 with J.Thompson taking 3-8 from eighteen overs. But that was the end of the season after Cricket Victoria requested all matches being abandoned due to the arrival of the COVID-19 pandemic. As a result Forest Hill were awarded the premiership, which considering their position in the game, no-one argued with.
2020/21	East Burwood	Heatherdale	Recovering from 3-29, Heatherdale reached 7-162 from their 40 overs. In reply a brisk 52 from Robbie Bartlett took East Burwood to 1-91. Heatherdale fought back with and a sudden collapse late in the innings gave them some hope but Sean Bramstedt (64 not out) held the innings together to see East Burwood over the line with four wickets and ten balls to spare.
2021/22	Heatherdale	Box Hill North Super Kings	In a 40 over Grand Final, a consistent batting performance saw the Super Kings reach 8-172. A steady 60 from Samuel Heron and contributions from the other batsmen saw Heatherdale pass the target with 4-173 in the 38th over.
2022/23	Box Hill North Super Kings	Vermont	Batting first, Vermont posted 185 with Bradd Taylor 60 top-scoring. In reply Sanath Da Silva (108 not out) and Shanogeeth Shanmuganthan (55 not out) led the Super Kings to 1-187 in 25.5 overs in an awesome performance. Shanmuganthan also took 5-43 in Vermont's innings.
2023/24	Box Hill North Super Kings	Vermont	The Super Kings had already passed Vermont's first innings score of 98 after 13 overs at stumps on Day One. It was then agreed to continue the match on Day 2 to support the association and Vermont fought back dismissing the Super Kings for 165. Vermont then blasted 6-154 (Shehan Don 56) from twenty overs to set a target, which Box Hill North passed with two wickets down.
2024/25	Blackburn	Box Hill North Super Kings	Three wickets in four balls from Luke Davis tore apart the Super Kings innings and they never recovered. Blackburn chased down the target of 108 with nine wickets to spare
2025/26	Box Hill North Super Kings	Blackburn	The Super Kings won their third premiership from the last five grand finals with a sixteen-run win. The Super Kings made 8-252 and Blackburn were steady in reply but always seemed behind the run rate. Mitchell Gale (45 from 35 balls), out a scare into the Super Kings, but they held firm.

TOP GRADE PREMIERSHIPS

The Top Grade is that recognized as the highest level of cricket played in the association during any given season. Since 1890/91, the top level has had seven names with the current title; Ray McIntosh Shield – introduced in 1977/78 in recognition of the long service of Ray McIntosh as a player from 1922 to the mid 1950's (along with an additional ten years in West Gippsland) and as Association Secretary from 1953/54 to 1976/77 (except 1960/61 when Jack Lennox acted in the Secretary's role).

- ❖ *In early seasons, fourteen two-day rounds were played, and the season ended in late April. In 1919-20, most teams abandoned the competition after twelve rounds when it became obvious that Ringwood had won the premiership. The association decided that all premierships would be decided by a final from then on.*

Top Grade Premiership Notes: -

- ✚ Kew (1900/01) won a premiership in its only complete season in the Reporter Association
- ✚ Old Mitcham and Box Hill shared the 1903/04 premiership after finishing equal on points on the ladder. By late April 1904, the competition had run out of time to play a deciding match with the association determined not to let this situation occur again.
- ✚ Vermont is the only club to win four successive premierships from 1998/99 to 2001/02.
- ✚ Box Hill Church of Christ (1938/39; 1939/40 & 1940/41); East Burwood (1951/52; 1952/53 & 1953/54) and Forest Hill (2017/18; 2018/19 & 2019/20) are the only clubs to win three successive premierships.
- ✚ A Grade played for the Standard Shield (1920/21 to 1924/25), the Kent Shield (1925/26 to 1934/35) and the Nutting & Young Shield (1935/36 to WWII). The club that was first to win three premierships would keep the shield. This practice appears to have ceased at the start of WWII. Canterbury holds both the Standard and Kent Shield while the whereabouts of the Nutting & Young Shield, held by the Box Hill Church of Christ after their third flag in 1940/41 is unknown.
- ✚ Surrey Hills lost three successive grand finals from 1924/25 to 1926/27
- ✚ From 1944/45 to 1954/55, eleven premierships were shared between Mitcham (5) & East Burwood (6)
- ✚ From 1957/58 to 1966/67, nine premierships were shared between Nunawading (5) & Blackburn (4) with only Bulleen (1963/64) breaking the sequence.
- ✚ There is reference to A Grade playing for the Bristco Plastic Shield in 1963/64.
- ✚ Boroondara (1892/93), Mitcham District, Blackburn South and Vermont South are the only clubs to finish runners/up, but not win a premiership.
- ✚ East Burwood/Bennettswood also finished runners/up without winning a premiership, however both East Burwood and Bennettswood won premierships as separate clubs before their merger.
- ✚ Forest Hill (Highest placed Ladder position) was awarded the 2019/20 premiership after the second day was abandoned when Cricket Australia and in turn Cricket Victoria banned cricket immediately owing to the impending impact of the COVID/19 Coronavirus across the entire country.
- ✚ Both the 2020/21 and 2021/22 grand final were played as one-day games after the season started in November due to COVID-19 restrictions.
- ✚ Vermont finished runners-up six times from 2011/12 to 2023/24.
- ✚ This list includes premierships won during WWI and WWII. Although Shields were 'retired' during these years, BHRDCA Heritage is of the view that the standard of matches and players continuing during these years justifies inclusion on any premiership list.

McIntosh Shield Notes since 2008/09

- ❖ Heatherdale played in seven Grand Finals for 4 premierships. Their first XI made finals ten seasons out of sixteen.
- ❖ Forest Hill won 4 premierships from four Grand Finals.
- ❖ Bulleen Templestowe won 2 flags from four Grand Finals.
- ❖ Box Hill North Super Kings has won 3 flags from six Grand Finals, including five consecutive Grand Finals from 2021/22.
- ❖ Blackburn won 2 flags from three Grand Finals.

MCINTOSH SHIELD 2ND GRADE

The McIntosh Shield 2nd grade was first used in 1974/75, then from 1976/77. It was used for the second XI teams of the top tier clubs. If the first XI was relegated, so was the second XI regardless of where they finished. Such was the boom in teams during the last 1970's and early 1980's, a McIntosh Shield 3rd grade was used from 1977/78 to 1986/87. Clubs that won McIntosh 2nd and 3rd grades included Heatherdale (6), Blackburn (6), Vermont South (4), and Forest Hill (4).

Heatherdale lost three grand finals in a row from 2010/11 to 2012/13.

HOWARD WILSON SHIELD

The Howard Wilson Shield was named after former BHRDCA Preside Howard Wilson. It was formed in 2010/11 for the second tier first XI's, which was previously A1 Grade. With McIntosh Shield 2nd grade discontinuing after 2013/14, the Howard Wilson grade became the second highest grade. An oddity with this grade is seeing Blackburn North finishing runners-up for three consecutive seasons before winning in 2016/17. This was immediately followed by Koonung Heights who also lost three consecutive grand finals.

B GRADE

Introduced in 1910/11, B Grade was split into Section I and Section II for the 1922/23, 1923/24, and 1924/25 season until they introduced C Grade in 1925/26. Then as the competition boomed in 1932/33, B Grade was again split into sections for three seasons until 1934/35 when ten teams played in each section, meaning 20 teams were playing for the one flag! The top two teams would play off for the premiership. B Grade returned to normal in 1935/36.

B Grade remained a single entity until 1966/67 when it was split into B1 and B2 Grades. For two seasons in 2002/03 and 2003/04 there were four divisions of B Grade, with a B4 Grade used. With the changing of the grading structure, B Grade was returned in 2011/12.

There have been 174 premierships won across the various B Grades. The most B Grade flags have been won by Blackburn (9); Box Hill Church of Christ / Elgar Park (9); Vermont South (9); Templestowe (8); East Doncaster (7); and Burwood District (7)

With B grade split into sections in 1932/33, C Grade reverted to one section in 1933/34. Then in 1935/36, C Grade was split into two sections with Premierships awarded for each section. With a number of clubs leaving the competition, C Grade returned to one section in 1936/37.

C Grade remained a single entity until 1963/64 when it was split into C1 and C2 Grades. For one season in 2002/03 there was a C3 Grade used. With the changing of the grading structure, C Grade was returned in 2012/13.

VETERANS (OVER 40'S) SINCE 1997/98

The Ringwood District Cricket Association introduced an Over 40's grade c.1992. This attracted the interest of Peter White who in c.1997 approached both ESCA and the BHRDCA with the concept. The BHRDCA jumped onto the proposal with the enthusiastic support of then Secretary, Howard Wilson and then President, Trevor Hutchins.

Four teams joined the in 1997/98 with Eley Park, Koonung Heights, Mitcham and Surrey Hills entering teams.

Surrey Hills won three of the first four premierships until Mont Albert started to dominate with 5 successive A grade premierships until Mitcham emerged as a force in 2006/07

The competition peaked in 2013/14 and 2014/15 with seven grades including North and South Divisions for D and E grade. In 2013/14 there were 57 teams

In 2015/16 the ECA introduced their own Veterans competition. This resulted in the departure of the Deepdene Bears, Edinburgh, Glen Iris, Kew, Marcellin, Mazenod OC, Mont Albert, North Balwyn, Notting Hill Brandon Park, Richmond City and Surrey Hills. The only established ECA club to stay with the BHRDCA competition was Heathmont.

By 2018/19 there were 24 teams playing in three grades.

2022/23 saw the Ringwood District Veteran clubs joining with the BHRDCA clubs to form three grades as both competitions had seen a decline in teams and player numbers. Ringwood clubs won all three divisions. Lower Eltham responded in 2023/24 with their fourth A grade flag in five seasons before the Box Hill North Super Kings saluted in 2024/25. By 2025/26 only 14 teams entered from 12 clubs.

A, B and C Grades are named the Peter White Perpetual Trophy, the Ken Johnston Trophy and the Bill & Marg Stafford Trophy respectively.

LEGENDS OVER 50'S

With Veterans cricket growing, Peter White and the Veterans committee introduced a dedicated grade for Over 50s players in 2007/08. This grade was known as the Legends.

The inaugural season saw four teams enter:- United Eagles (Doncaster); Mont Albert; Canterbury and North Balwyn, with the United Eagles winning the first flag. East Doncaster and Mitcham joined in 2008/09 with Eley Park entering a team in 2009/10. The first six seasons were dominated by Canterbury and the United Eagles who each won three flags in the first six seasons.

The competition expanded to two grades in 2013/14 with the introduction of clubs from the Ringwood District competition including Ainslie Park, Croydon Range, East Ringwood, Warrandyte and Wonga Park. More clubs joined and three grades were formed in 2014/15.

The Victorian Over Sixty's Cricket Association (VOSCA) was formed some years earlier and discussions started about forming a Victorian level Over 50's and Over 60's competition with a view to compete against other states in a national competition.

As a result, Veterans Cricket Victoria (VCV) was formed in 2017/18.

PREMIERSHIPS – TWENTY 20

The development of Twenty20 cricket is attributed to former New Zealand player, Martin Crowe, who presented the concept to the England and Wales Cricket Board (ECB) and county chairmen in 2001. The first matches between English county teams were held 13 June 2003 in the Twenty20 Cup.

The first international match was held between the England and New Zealand Women's teams on 5 August 2004, while the first men's match was held 17 February 2005 between Australia and New Zealand in Auckland. This game was celebrated with players wearing 1980's one-day uniforms and sporting a retro appearance.

Along with leagues all over the cricketing world, the Indian Premier League (IPL) started in 2008, while the Australian Big Bash started in 2011. And there was the infamous competition financed by Allen Stanford in the West Indies from 2006 to 2008. While big money was on offer, Stanford was charged with fraud in 2009.

It wasn't long before local cricket competitions caught on, with the Kookaburra Cup organised by Cricket Victoria for a couple of seasons from 2007/08. The BHRDCA introduced a Twenty20 competition in 2010/11 with two divisions. This has since grown to seven divisions for 2023/24 with nine divisions in 2025/26

BHRDCA PLAYER RECORDS AND TABLES

These tables include all BHRDCA Saturday competition matches from 2008/09 to 2025/26. The source of these records is MyCricket then PlayHQ from the 2023/24 season onwards

Although the data files and formatting is different between MyCricket and the PlayHQ records, accessed via <https://stats-community.cricket.com.au/> with a little bit of data massaging and cleansing (Middle Initials!) – I combined the two sources relatively easily.

Matches Played. In some instances, especially from records extracted from PlayHQ, players have more matches recorded than they played. This is due to PlayHQ counting each match in which a player was named in, regardless of if the match was started. In MyCricket this issue was alleviated when selecting 'Abandoned' as the match result rather than drawn.

Where a player is recorded as “**Fill-In**” – their stats are not recorded.

Player Names. There are many names entered into PlayHQ that are slightly different to those used in MyCricket that was linked to an individual Player ID. I have manually checked lists and re-aligned names where found and will correct these as discovered.

At this stage, lists of highest scores and best bowling from 2024/25 are not available. But PlayHQ is working on developing these lists. I have been able to manually add records in, but I am missing opponents and rounds.

The batting and bowling database includes all records updated in MyCricket back to 1986/87, along with season averages data compiled in the BHRDCA Annual Reports. Clubs that have entered data include Bulleen Templestowe, Burwood District, Glen Waverley Hawks, Koonung Heights, Laburnum, Mitcham, and Templestowe.

Bennettswood, Blackburn, Blackburn South, Box Hill North, and East Burwood have also had their records included using their available Scorebooks back to the mid 1980's. Reference is made to records between 1986/87 through to 2007/08 throughout this document.

Over the next eighteen months records dating back to the mid 1980's from Box Hill Church of Christ, Doncaster, East Box Hill, Koonung Heights, Forest Hill and Vermont South will be added into these records

FRANK HORNE MEDAL

Named in honour of Frank Horne and awarded to the player adjudged the ‘Most Valuable Player’ of the BHRDCA’s premier Grade – the “RAY McINTOSH SHIELD” Grand Final each season. Frank’s career, tragically cut short, was fleeting but brilliant in its content. A tenacious and stylish Right Hand Bat and deceptive medium fast swing bowler, Frank was one of those rare breed of players who could take charge of a match with either bat or ball and frequently did. An extremely popular team member and opponent, Frank’s ability to rise to the occasion was legendary. He played 13 years for the Bennettswood Cricket club winning an astounding 10 Club Championships in that time. When the club amalgamated to form the East Burwood/Bennettswood Cricket Club he won a further 3 Club Championships in the 4 years that he played there before his untimely death.
